

EXPRESS CLEANING SERVICE

Our Express Cleaning is a 3-man-hour service designed for targeted tasks or light cleaning. This service is ideal for specific areas such as interior window cleaning, inside appliances, or cabinets, or for a quick touch-up of high-traffic areas. We focus on vacuuming, mopping, tidying up, wiping down surfaces, and light dusting. It's also suitable if you only need 1-3 rooms cleaned.

We will accomplish as much as possible within the allocated time; however, we cannot guarantee all tasks will be completed. The flat rate for this service is \$135 + tax for 3 man hours, which can be split as 1.5 hours for two cleaners or 1 hour for a team of three.

If a full home cleaning is required, we recommend selecting our One-Time Service option.
